PROVIDER CREDENTIALING

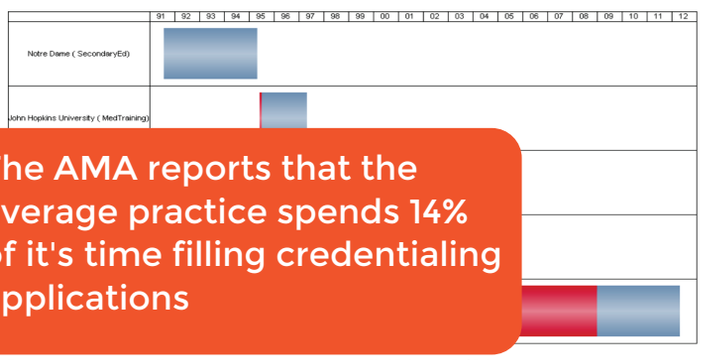
STREAMLINE YOUR MEDICAL CREDENTIALING PROCESS

Provider Credentialing is a complex process. With so many tasks and so many people and processes involved, the probability of something critical being overlooked is almost a sure thing.

Ensure nothing falls through the cracks with **Provider Credentialing** from symplr – the most effective, effcient way to manage your medical credentialing processes. Our web-based solution simplifies and streamlines the entire process of credentialing your medical and allied health providers – from provider application and verification to committee appointment, payor enrollment and expirables management. Our solution will guide you through every step, saving you valuable time, money, and resources.

CHECK OUT THESE BENEFITS:

- **Faster Credentialing, Less Work** – Eliminate mountains of paperwork and timeconsuming email trails. Providers can apply and attest online, anytime, anywhere.
- **Reduce Risk** – Our intelligent checking and cross-matching algorithms and library of 3,200+ industry-recognized forms, puts the right form for the right payor or facility at your fingertips and reduces errors, or upload your own forms.
- **Ensure Compliance** – Demonstrate complete compliance. We keep a complete unimpeachable audit trail of your credentialing history, with powerful, flexible reporting for your auditors.
- **Increase Provider Satisfaction** – Let's face it, providers hate the credentialing process. We make it easy for everyone.
- **Flexible and Configurable** – Work the way you want to work. We won't force you into an unnatural process.



The AMA reports that the average practice spends 14% of it's time filling credentialing applications
